Re: Work Study Funds on Grants – When is it ok?

To: All – Academic Listserv

Due to the possibility of retraction of work-study funds after grant end dates or after funds have been repurposed, we will not be allowing students to apply Work Study funds towards positions on contracts and grants. This is a financial risk that had real impact in 14-15 on GGSE funds when retractions occurred. Students are welcome to use their Work Study for positions on non-grant funds or for TA appointments, as appropriate.

If you have specific questions or would like more detail please talk to me or Kelly Hayton.

Thank you,
Mike Furlong
Interim Dean
