#### **PORTFOLIO AND PRE-ADVANCEMENT REQUIREMENTS**

A portfolio is a presentation of products that provide evidence of student's acquisition of knowledge and competencies in the major training domains of school psychology. We have designed the portfolio process so that it represents a developmental sequence of reflections and products designed to showcase your growing competency as you advance through the program. Thus, there are different requirements and expectations at each review period (Year 1, Year 2, and post-Internship); each portfolio is cumulative in that it should include all past work building to the final post-internship product.

In addition, each student must write and present a semi-independent research paper that is of publishable quality. This paper is typically completed by the Fall quarter of Year 3 and is included as one of the written products for the student's qualifying exam. In addition, the results of this research

must be presented at the annual CCSP Research Festival the fall quarter of the year that the student aims to complete the qualifying exam.

### Ph.D. QUALIFYING EXAMS/ ADVANCEMENT TO CANDIDACY

The Ph.D. qualifying exams consist of at least three written papers (e.g., theories, ethics, research, and specialty topic) of publishable quality and an oral examination.

The purpose of the qualifying examination is to demonstrate that a student has mastered the practical, ethical, and research skills related to their general area in addition to more extensive knowledge on a specialty topic that is often the focus of the student's research. The written papers must be completed before the oral examination, which is typically held at the end of the Fall quarter of Year 3. Students complete the requirements to Advance to Candidacy by the end of Year 4 (Year 3 if entering the program with a previous, relevant MA).

### DOCTORAL INTERNSHIP REQUIREMENTS

The doctoral internship must meet the requirements of the school psychology credential AND the doctoral program. Students are encouraged to apply to a school-based APPIC APA-approved internship that allows students to meet the requirement of 800 school-based hours. However, they also have the option of completing a school-based internship as long as it meets CDSPP guidelines. Students are responsible for locating and applying to an acceptable school-based internship. If a student is accepted to a non-APA approved internship, the CCSP School Psychology Coordinator and SAO Staff will negotiate an internship agreement with that district.

### DISSERTATION REQUIREMENTS

Within three quarters of advancing to candidacy, students will prepare a final dissertation proposal to be presented and approved by the doctoral committee. The student's doctoral committee will require an oral hearing prior to approving the proposal. The final dissertation proposal is filed in the GGSE Student Affairs Office.
