Graduate Student Researcher Hiring Procedures

I. Definition

A Graduate Student Researcher (GSR) is a registered UC graduate student who performs research in a GGSE academic department or research unit under the direction of a faculty member or Principal Investigator. GSRs are selected for high achievement and promise as creative scholars; they may collaborate in the publication of research results as determined by supervising faculty members. GSRs shall not be assigned teaching, administrative, or general assistance duties.

II. Appointment Criteria

Appointment to the GSR in title requires the following:

1. the appointee is a registered UC graduate student;
2. the work performed may contribute to the educational objectives of the student; and/or
3. the student functions as an active collaborator and/or fundamental contributor to the intellectual content of the research.

The following specifies appointments to the various GSR steps when hired on funds managed within the GGSE, effective 04/01/2023:

- Step 1  First year of full-time UCSB graduate study
- Step 2  Second year of full-time UCSB graduate study
- Step 3  Third year of full-time UCSB graduate study
- Step 4  Fourth year and more of full-time UCSB graduate study

Graduate students advance to their next year of study on October 1st.

Although atypical, some projects funded via the GGSE involve interdisciplinary grants with other campus departments that hire students at different levels. To maintain equity in such circumstances, GGSE GSRs will be paid at the same level as other-department GSRs hired on the same contract or grant, but not lower than the Steps stated in the GGSE GSR procedures.

All other exceptions require prior approval from the Dean of the Gevirtz Graduate School of Education.

III. Notice

By agreeing to any employment request, the applicant authorizes the hiring agency to access their academic record for the purpose of confirming enrollment status and related eligibility for student employment.
