The Prize: Who's in Charge of America's Schools?

"Russakoff's eagle-eyed view of the current state of the public education system in Newark and the United States is one of the finest education surveys in recent memory." *Publishers Weekly, Starred*

Veteran *Washington Post* reporter Dale Russakoff examines the highly publicized strategy to create a model for national education reform in Newark, N.J. – one that failed despite backing by then-Mayor Cory Booker, Governor Chris Christie, and a \$100 million pledge from Facebook founder Mark Zuckerberg – revealing a cautionary tale for those who care about the state of America's schools.
