UCSB Health Insurance (UC SHIP)

All UCSB students must be covered by a health insurance plan.

All registered graduate students are **automatically enrolled** in the University of California Student Health Insurance Plan (UC SHIP), unless they choose to submit a waiver request and demonstrate that they have health insurance that meets the University's minimum criteria for health care coverage.

The premium for UC SHIP is included in your total cost of attendance and you will be automatically charged each quarter. **If you already have comparable insurance and you do not want to keep UC SHIP as dual coverage, you must submit a request to waive enrollment (opt-out) by the specified deadline.**
