Calendar for UCSB’s Gevirtz School  
Wednesday, May 8 — Saturday, June 1  
Spring 2019

Steve Smith, PhD, “Search & Destroy: How to Win an Internship Like a Boss”  
Tuesday, May 14  
8:00-8:50am, ED 1215

At this month’s Hosford Clinic meeting, Dr. Smith will give a presentation on strategies to employ to become employed as an intern. This event is mandatory for all current Hosford clinicians and first year CCSP students, but is open to anyone.

Nicole Albada, PhD, “From Narratives to Numbers”  
Wednesday, May 15  
12:30-2:00pm, Psych 1312 (Sage Center)

Dr. Albada, an Assistant Teaching Professor in UCSB Psychological and Brain Sciences, will be speaking as part of the Spring 2019 Quantitative Methods in Social Sciences (QMSS) Speaker Series, hosted by Professor Nancy Collins also in Psychological and Brain Sciences.

Teacher Education Program (TEP) Information Meeting  
Thursday, May 16  
1:00-1:45pm, ED 1207

For TEP Applicants. This meeting provides an overview of the program’s three teaching credential pathways (Special Ed., Elementary, Secondary), an explanation of the Masters in Education (M.Ed.) structure, and in-depth instructions for completing the online application process with helpful tips to optimize your chance of admission.

UCSB Staff Celebration Week  
May 20 - May 24

The time of year for bookstore discounts, Storke tower tours, free Rec Center access, Dean-scooped ice cream, AlloSphere, and more is finally upon us. Thank a staff member and each other for keeping GGSE wheels turning!

GGSE Strategic Planning Retreat  
Wednesday, May 22  
12:00-1:30pm, ED 1215

All GGSE Staff, Faculty, and Students are welcome! Come learn about proposed practical strategies from the four Strategic Planning task force workgroups, including Community Building and Quality of Life, Recruitment, Academic Degree Programs, and Collaboration. Lunch will be provided! RSVP to rsvp@education.ucsb.edu by Friday, May 17.

Memorial Day  
Monday, May 27

All offices closed and classes canceled.

Teacher Education Program (TEP) Information Meeting  
Wednesday, May 29  
3:00-3:45pm, ED 1215

See explanation above for May 16 meeting.

Alexander Franks, “Flexible sensitivity analysis for observational studies without observable implications”  
Wednesday, May 29  
12:30-2:00pm, Psych 1312 (Sage Center)

Dr. Franks, an Assistant Professor in UCSB Statistics and Applied Probability, will be speaking as part of the Spring 2019 Quantitative Methods in Social Sciences (QMSS) Speaker Series.
