Education Building Entrance Guidelines and Procedures for Fall 2020

As the current State Guidance for Institutions of Higher Education about the resumption of campus activities is still very restrictive, the campus does not yet have permission to resume most activities beyond essential functions. General office use for research, teaching, service or any other purpose is not currently allowed beyond the absolute minimum required for instruction or essential functions. Therefore, the Education building remains closed for the fall quarter, and until further notice. Everyone must continue to work, teach, and learn remotely until at least January 2021. The Gevirtz School Building Committee has conducted a survey to determine who needs access to the building during fall quarter to conduct essential activities, and is required to closely track, schedule, and monitor this access to comply with County and State regulations in the effort to protect the health and safety of everyone during the COVID-19 pandemic.

Effective September 28, 2020 keycard access to the building for all Gevirtz School faculty, staff, academic employees and students will be limited only to authorized personnel.

When authorized to enter the Education Building:

1. Register for the daily online symptom checker and complete the Daily COVID-19 Screening Survey* each day before you enter the building, preferably before 9am. This requires your UCSBnetID and entering the name of your supervisor:
   - UCSB Employees: Supervisor is the person who approves your time card
   - All Others: Supervisor is your Department Chair or Director
   - CCSP: Steve Smith
   - Education: Julie Bianchini
   - Teacher Education Program: Andrew Fedders

   Only enter the building if you are feeling well and do not have any of the following symptoms: fever, cough, shortness of breath and breathing difficulties

2. Authorized personnel must indicate the date and time of their presence and the room number(s) accessed on the Education Building Occupancy Google Calendars.

3. Use your own individual key card to access the building. Do not enter along with another person using their key card.

4. Face coverings are to be worn at all times while on campus and inside the building.

5. Maintain a physical distance of at least 6 feet between you and others at all times.

6. Only ONE person may ride the elevator at a time, unless from the same household.

7. Exterior/outdoor stairways should be taken to the greatest extent possible when navigating between floors in the building.

8. All rooms are considered SINGLE occupancy, unless otherwise posted.

9. If in a space that has operable windows, it is recommended that they are kept open while you are there.

10. Help maintain a sanitary working environment. Please wash your hands frequently. Hand sanitizer dispensers have also been installed at the main entrances to the building on the first floor.

11. Limit use of the restrooms to ONE person at a time.

12. Please do not use the kitchens in the building for storing or preparing food. It is also asked that you do not eat in common areas of the building, and ideally eat only when outside of the building.

*If you do not have computer or internet access, the daily COVID-19 screening survey can be completed by phone by calling 1-833-335-0064.
We will continue to accept requests for limited one-time access to the building based upon essential and emergency needs. This includes requests to access to Ada’s Lab, only for printing needs. Please plan ahead as much as possible so that we have adequate time (at least 3-5 business days) to evaluate and respond to the request. Any immediate or crisis needs will be reviewed within 24 business hours if possible; in these instances, please make it clear in the subject heading that immediate review is needed.

One-time building access requests can be made by sending an email to the Gevirtz Building Committee Co-Chairs, Briana Villaseñor and Jill Sharkey with:
1. The office or room number(s) needed to be used
2. The rationale for building use
3. The date and time you plan to be in the building

Beginning November 1, 2020, flu vaccinations are mandatory for all students, faculty and staff living, working or learning at a UC campus during the 2020-21 flu season. Questions can be directed to FluVaccination2020@sa.ucsb.edu. Information about medical exemptions or accommodations can be found here. More information about the mandatory influenza vaccination can be found on UC’s FAQ page.

Please be sure that you review the latest COVID-19 Information for the UC Santa Barbara Campus, as it is possible that these guidelines and procedures may change as conditions of the COVID-19 pandemic also changes: https://www.ucsb.edu/COVID-19-information
